Story 1

4.Outcomes:

- ❖ The Bharatiya Janata Party received 37.36% of the vote, the highest vote share by a political party since the 1989 general election, and won 303 seats, further increasing its substantial majority. In addition, the BJP-led National Democratic Alliance (NDA) won 353 seats.
- ❖ The results of the Lok Sabha election are extremely tough to foresee in the hypercompetitive and fragmented democracy of India.

5.The Difficult Task of Holding Lok Sabha Elections 2019:

Holding elections in world's second most populated nation is a mind-boggling and overwhelming undertaking. The Election Commission has just started arrangements on strategic and security courses of action in the nation of 1.3 billion, prepared to choose their new central government in April and May 2019

6.Conclusion:

The conclusive 2014 directive of BJP, there are numerous political analysts which assuredly stated that Mr. Narendra Modi might stay in power for the next 2 to 3 terms. In fact, there are few opinion polls also that reveal Mr. Modi is an extremely popular leader in BJP which can benefit their party in the Lok Sabha election 2019 too. On the other hand, the opposition party, consisting of the formerly-dominant Congress party and a surplus of local parties, has writhed to stand the BJP attack. However, the clear winner of Lok Sabha election 2019 is far from unconquerable, regardless of expectation of a BJP easy victory in the year 2019.

7.Future Scope:

To get a good leader everyone should vote. In 2024 Mr.Narendra Modi will be elected as Prime Minister again because he had done many good things which makes us proud to be an Indian.
